

STREAT Programs

Tasters

STREAT is a not for profit social enterprise. We are fundamentally about helping marginalised young people make positive change in their lives and we do this by offering a range of programs to young people aged between 16-25 years who are at risk of, or experiencing, homelessness or who are otherwise disadvantaged. Our programs aim to help young people stabilise their lives and we achieve this by improving their self-management and employability skills, and by helping them develop personal and professional support networks.

Our free Taster programs are short, half to one day programs introducing a group of 6-8 young people to coffee and food. Tasters can be a good introduction to STREAT and hospitality and a pre-cursor to our longer programs.

Eligibility & Suitability

Tasters are free to young people who meet STREAT's core criteria:

- 16-25 years old
- homeless or at risk of homelessness
- otherwise disadvantaged

Tasters can be made available to groups of people outside our usual criteria for a discounted fee as long as candidates are referred by a not-for-profit organization.
