**Have you been homelessness and stayed in crisis accommodation in the last 12 months?
We want to hear about your experience**

The Northern and Western Homelessness Networks are conducting their 10th Annual Consumer Survey to find out about people's experiences of homelessness, so we can make improvements to the service system and lobby for more housing.

This year the survey focusses on the experiences of people who have stayed in private crisis accom (hotels, motels, rooming houses).

If you have experienced homelessness and stayed in crisis accommodation in Victoria the last 12 months then we encourage you to participate in the survey.
