

Do you want to help build a better homelessness system? Help find consumers who would like to participate in the Annual Consumer Survey.

The Northern and Western Homelessness Networks are conducting their 10th Annual Consumer Survey to find out about people's experiences of homelessness, so we can make improvements to the service system and lobby for more housing.

This year the survey focusses on the experiences of people who have stayed in private crisis accom (hotels, motels, rooming houses).

Each homelessness practitioner is encouraged to find at least one consumer to participate in the survey.

Survey period: 1st – 26th August 2022

Consumers can also complete a paper version. Paper versions, practitioner instructions and a consent form are available from your LASN member, or from the Networkers (below).
